FEBRUARY - 2020

- World Cancer Day – 4th February 2020
Every year on 4th Feb when world observe **World Cancer Day**, Institute of Medical Science & Sum Hospital run by the SOA Deemed to be university Bhubaneswar observes this day a “**Celebration of Life**”. Our only desire is to see the spark of a smile on the face of the patient and family members as they wage the battle with our support. With this aim on 4th Feb 2020 Dept of Oncosciences along with other department celebrated this day as celebration of life. On this day cancer survivors are called in large numbers. They have engaged in various activities like **fashion show** walking on the ramp to show that they bounce back, **Talk show** where they shared they experiences giving message to society not to fear this disease. On this occasion our chief guest Mr Ananda Arnold first wheelchair body builder of India, Mr Olympia, Mr India shared her experience & motivated cancer survivors. Our Guest of honour Mr Utam Mohanty Odia film actor shared his experience & tells about his thoughts. Finally all the survivors were felicitated by all the NGO & guest.
- Psychiatry – 6.2.20-8.2.20
An enlightening and highly informative 3-day National workshop on “SPSS- Statistical Packages For Social Sciences” was arranged by the Department of Psychiatry, I.M.S & SUM HOSPITAL under the Aegis of IPS, Odisha State Branch from 6th to 8th February 2020 at the MEU Hall, I.M.S. AND SUM HOSPITAL. The three renowned trainers for the workshop who shared their knowledge with the participants were, Dr. E. Venkata Rao, Professor, Department of community medicine; Dr. Sandeep Kumar Panigrahi, Asso. Prof., Department of Community Medicine and Dr. Jyotiranjana Sahoo, Asst. Prof., Department of Community Medicine. They are trained in SPSS from JIPMER and have trained more than 600 faculties. A 3 day national workshop of this scale could not have been possible without the diligence and hard work of Dr. Surjeet Sahoo , Prof. Department of Psychiatry , Organizing Chairman and President, IPS-OSB ; Dr. Suvendu Narayan Mishra, Prof. Department of Psychiatry, Honorary Secretary, IPS-OSB; Dr. Debadatta Mohapatra, Asst. Prof. Department of Psychiatry and Organizing Secretary; Dr. Rakesh Mohanty, Asst. Prof. Department of Psychiatry and Joint Organizing Secretary and Dr. Lagnajit Dash, Senior Resident Department of Psychiatry and Convener.

To create awareness among the students reading the constitution of India the Dean and some of the faculty members addressed them. A pledge was taken by all to pay respect to the constitution.

Achievement
IMS & SUM Hospital
OCTOBER - 2019

- Department of Anaesthesia for conducting / organizing “**World Anaesthesia Day Celebration** ” on 16.10.19.

The World Anesthesia Day is observed to mark the anniversary of the 1st public use of ether anesthesia by W.T.G.Morton on 16th Oct, 1846. Since then anesthesia has given away number of ways to perform painless surgeries. This year on WAD the World Federation Society of Anesthesiologists are moving forward introducing SAFETY (Safe Anesthesia For Everybody Today) that aims to put safe anesthesia at the heart of safe surgery globally.

- Celebrating Mental Health Awareness week on 17.10.19 by dept. of Psychiatry
Mental health awareness week was celebrated on 17th October 2019 in the annex auditorium of IMS & SUM hospital, Bhubaneswar. The event was organized by the Dept. of Psychiatry. It was attended by our esteemed Dean, Prof Dr. Gangadhar Sahoo and honorable Medical superintendent Dr. Pushparaj Samantsinghar. The Dean of SUM nursing college, Pravati Tripathy, also joined the event and pointed out the importance of a healthy mind. The Dean shared few of his own witnessed tragic suicide stories and also pointed out that each of them could have been prevented with timely action and intervention. Dean gave the pearl of three ‘E’ namely emotions, expectations and ego, which play vital role in suicidal ideations. The medical superintendent explained how important it is to make early diagnosis of depression and save precious lives. He also pointed out about the stress of medicos and nursing students and gave tips to cope with it.

Head of the Department of Psychiatry and Prof. Dr Surjeet Sahoo elaborated on the theme “40 seconds of action” and its current need in the society. He highlighted the fact that every 40seconds, someone dies by suicide. Hence, we require a day for “40 seconds of action” that can prevent suicide. He enlightened us about the warning signs of suicide and further he educated us about early detection and management. He stressed that a multidisciplinary approach was needed for suicide prevention.

What reached out to the audience most was the stellar performance of the postgraduate students of the dept. of psychiatry in a theme-based play “The man who remained silent” followed by another play on prevention of suicide by the nursing students. The students elaborated the causes as well as the ways to prevent suicide through their short yet informative play. The innovative idea of presenting a sensitive topic like suicide in such a dramatic and poetic way was lauded by the audiences as well as the guests.

Following the cultural programme there were educative and informative lectures about depression and suicide prevention by psychiatrists Prof. Dr Suvendu Narayan Mishra and Asst. Prof. Dr Debadatta Mohapatra. After each play they elaborated the essence of the stories. The celebrity guest Mr Bobby Mishra, famous Ollywood actor, also shared his personal experiences related to failure, struggles and his triumph over depression. He captivated the audience with his dynamic personality. Asst. Prof. Dr. Jitrendiya Biswal gave the vote of thanks.

A psychiatry quiz competition was held among medical students and nursing students. The quiz was conducted by Dr Rati Ranjan Sethy, Dr. Soumya Ranjan Dash and Dr. Lagnajit Dash. The winners of the competition were felicitated by the Dean and MS.

- Department of Anaesthesiology, IMS & SUM Hospital, Bhubaneswar celebrated WAD on 16th OCT,2019 with all their P.Gs and Faculties by cake cutting and deliberation by their faculties and HOD regarding importance and role of anesthesiologist not only during surgery but before and after that. Following the celebration 29th East Zone Anesthesia Conference of ISA-2019 was conducted with participation from Odisha, West Bengal, Bihar & Jharakhand at AIIMS, BBSR from 18th Oct, 2019 to 20th Oct,2019. IMS & SUM Hospital participated in the conference in good numbers and 7 P.Gs bagged prizes in various competitions bringing pride and joy to the department.

On this occasion IMS & SUM Hospital (Pharmacy department) celebrated the day with a meeting, cultural programme, etc. on 25.9.18 in the Auditorium SUM Annex. The inaugural meeting was attended by the Hon,ble Vice Chancellor, Prof. Amit Banerjee, Dr. P.Samantasinghar, Medical Superintendent, Prof. A.K.Mahapatra, Director Health Services, Dr. A.K.Jena, Prof. DVL, Dr. Prasanna Kumar Pradhan, In-charge Pharmacy, Mrs. Minati Mishra, Nursing Superintendent.

- **Dr. Rajakeswar Puriag, Ex. President of Mauritius visited IMS & SUM Hospital on 26.9.18.**

- **World Heart Day - 29.9.18** - 29th September was celebrated as World Heart Day. On this occasion IMS & SUM Hospital celebrated the day with a rally for heart in the morning. A Guest lecture was organized at 11 a:m in the Auditorium SUM Annex. Dr. Ratan Rathod Professor & HOD Cardiology department, MGM Hospital, New Mumbai was the chief guest and delivered a talk. There was provision of free cardiac checkup of the needy patients in the department of Cardiology.

- **30.09.18 - Gastroenterology** - Five POEM procedures for Achalasia Cardia, first time in the state was performed mostly with the in house team , supported by the expert Dr Pankaj Desai.

- A brief report on 6th Intensive hands on EUS Workshop

Date: 8th & 9th December 2018

Venue: The center of excellence for GI Endoscopy, Dept of Gastroenterology

EUS Trainer: Prof Sirinder Rana, PGIMER, Chandigarh

Course Director: Prof Manoj K Sahu

Coordinator: Dr Ayashkanta Singh

Report:

Trainee from different parts of the country, Jalandhar, Guwahati, kolkata, Bihar and Odisha attended the workshop for training. We performed 16 cases on those two days, all the procedures are done free of cost to patients. There was an evening CME on this new technology, that was attended by the Gastroenterologists,

GI surgeons, Oncosurgeons and Physicians of Odisha. This is an endeavour of our esteemed University to acquire the advanced technology and train the health care professionals of our country for better patient care. This workshop was inaugurated by our Honorable Dean of IMS & SUM Hospital. We are indeed grateful to the Hospital administration and management for great support to organize these training academic programs.

- Spyglass- DS workshop Department of Gastroenterology, IMS & SUM Hospital.
On 22nd December 2018
- 11th IRACON (Odisha State Branch) Annual Conference of Indian Rheumatology on the theme “Problem Solving Rheumatology” organized by the department of Immunology & Rheumatology, IMS & SUM Hospital on 22nd & 23rd December 2018
Summary of 11th IRACON (Odisha) – 2018 on 22nd and 23rd Dec

The annual conference of Indian rheumatology association (Odisha branch) was organized by Department of immunology and Rheumatology at annex auditorium on 22nd & 23rd December 2018. On the 1st day, around 200 MBBS students and interns from different medical colleges of the state (including SCBMC, Hitech Medical college, KIMS and AIIMS Bhubaneswar) have attended the “Undergraduate rheumatology teaching programme” (10 am – 2 pm) by our eminent state and National speakers. Two workshops on Myofascial pain syndromes (conducted by Dr. B.G Dharmananda and Dr. Prem ,Manipal university, Bangalore) and on Scientific paper writing (conducted by Dr. B. Ravindran ILS Bhubaneswar) , which was attended by around 50 participants. It was followed by faculty dinner.

On the 2nd day (23rd December) around 200 delegates including physicians and rheumatologists from the state have participated in the conference. The theme of the conference was “Problem solving in rheumatology”. The conference was inaugurated by honorable VC (SOA University), DEAN and MS (IMS & SUM Hospital), President and Patron (IRA, Odisha). Our national speakers included Prof(Dr). Alkendu Ghosh(Head of Rheumatology, SSKM Kolkata), Dr. B.G Dharmananda(Bangalore), Dr. Avinash Jain(SGPGI, Luknow). Four CME points credited by Odisha Medical Association.
- 31st Annual conference of Anatomical Society of India, Odisha State Chapter organized by the department of Anatomy on 23rd December 2018.
Chief Guest of the conference was Mr. Niranjana Padhi
Chief Speaker of the conference was Dr. Gangadhar Sahoo
Guest of Honour of the conference was Dr. P.Samantasinghar
Around 120 eminent Anatomists of different Medical Colleges attended from all over India
- Dr. Viyatrajna Acharya, Prof. Biochemistry got the award “Mrs. Intellectual” in the National Mrs. India My Identity competition held at New Delhi from 15th December to 19th December 2018.
- Abhijit Upadhyaya, 9th semester MBBS student of IMS and SUM hospital has received the V-Award 2018 was organised by UNDP, UN Volunteers India, Youth Affairs and Sports, UNICEF and SBI foundation at UN House New Delhi on the eve of International volunteers day 2018 to encourage young volunteers on 5th December. More than 4000 applicants applied for the award and finally they awarded to top 10 winners and he was in the top.
- Ms. Divyashree Sudandini 4th Semester student has got 1st prize in International Odishi Dance Festival.
- MOU was signed with Yashoda Group on Liver Transplantation on 10.1.19

- “Basic Newborn care & Resuscitation Program (Part-1) First Golden Minute” Organised by Department of Neonatology, IMS & SUM Hospital in association with Indian Academy of Paediatrics & National Neonatology Forum, Odisha Branch on 13.1.19 at IMS & SUM Hospital

This training program was approved by Indian Academy of Paediatrics & National Neonatology Forum India (Course ID: 4320-IAP-Provider(BNCRP Part 1) dt 13.01.19). Total 35 Drs and staff nurses participated in this program (5 Obstetric Post graduate Resident, 6 Paediatrics Post graduate Residents, 24 staff nurses from NICU, Labour Room, different wards). The course involves hands on training on Neonatal Resuscitation over manequins with an aim to decrease Perinatal asphyxia in the delivery room. All the participants successfully completed the NRP program and were certified as NRP Providers for 2yrs. The Faculties for the course included Dr Lingaraj Pradhan (Senior Paediatric spl Capital Hospital), Dr Samarendra Mahapatro (Associate Prof Pediatrics, AIIMS, Bhubaneswar), Dr Prasant Saboth, Dr T V Ram Kumar (Asst Prof Paed, MKCG Medical college, Berhampur), Dr Tapas Som (Head of Dept Neonatology, AIIMS Bhubaneswar), Dr Debasish Nanda (Asst Prof Neonatology. SUM Hospital). All the faculty members and staffs from NICU whole heartedly supported the program. The inauguration of the program was chaired by respected Dean sir, along with Nursing superintendent madam and other faculties of the program.

- SAATH SAATH Workshop (Perinatology, Fetal medicine & Neonatology) (under Presidential action plan of IAP 2018 - 19) on 20th Jan 2019, at IMS & SUM Hospital, Bhubaneswar from 9am to 5pm.

A Saath Saath program was held in Conference hall in the IMS AND SUM HOSPITAL on 20/01/19 from 9am to 5pm. This programme is based on a structured module which is prepared by IAP and FOGSI for improvement in the neonatal care and prevent the mortality and morbidity of neonates. This programme was inaugurated by Dean IMS AND SUM HOSPITAL, and the meeting was chaired by IAP President Dr P. K Sahoo, along with Pediatric HOD Dr M D Mohanty .This programme was attended by around 65 participants both from O&G and Pediatric specialist from Bhubaneswar. The faculties elaborated the different issues of fetal monitoring in the prenatal life and the early neonatal care. Meeting was ended with the Vote of thanks by Dr A Mohapatra, who was the local coordinator of this IAP presidential action plan. Dr Mrutunjay Dash and Dr J BIKRANT KUMAR PRUSTY had managed the venue and local logistics.

- 62nd FICOG Conference, Bangaluru – The following faculties and PG students of OBG department have attended the conference from our college.
 1. Prof. Manisha Sahu, Prof. & HOD OBG – Conferred with FICOG
 2. Prof. P.Sujata, Professor, OBG – Conferred with FICOG
 3. Prof. Sasmita Das, Prof. OBG – Paper Presentation
 4. Dr. Ritimukta Panda - Paper Presentation
 5. Dr. Sritama Mukherjee - Poster Presentation
 6. Dr. Deepthi B.C. - Poster Presentation
 7. Dr. Ankita Ratan - Poster Presentation
 8. Dr. Chaithra R. - Poster Presentation
 9. Dr. Kavya Sudha G. - Poster Presentation
- Dr. Anindya Bramha, PG student and Dr. Swaroop Kumar Panda, PG student of Biochemistry department received 2nd prize in PG Quiz at 10th Annual Conference of Association of Medical Biochemists of India , Odisha State Chapter held at SCB Med. Col. CTC on 13th January 2019
- I have the honor to inform you that our students from department of Surgery have brought us pride by winning 5 out of 12 prizes in different events in just concluded Odisha state surgeons conference OSASICON 2019 held at NOCCI (North Odisha Chamber of commerce and industry), Balasore from 18th to 20th January.
 1. Dr Suman and Dr Kasturi - joint winner in Urology trust best paper award

2. Dr Sonali Mohanty - 1st prize in PG poster competition

3. Dr A Naidu - 3rd prize in PG paper competition

4. Dr K Ujwal - 3rd prize in PG master class

The most important thing to rejoice is our students have bagged maximum prizes in comparison to other medical colleges of the state. AIIMS students got 2 prizes, SCB student got 4, MKCG students got 1 and IMS SUM students received 5 prizes out of 12 prizes in all the events.

Our intern Dr J Tejaswini received Gold medal from Prof Aravind Kumar, president of Association of surgeons of India for securing highest mark in surgery in final MBBS.

- "CME CUM WORKSHOP ON ROTEM" – Organised by Department of Laboratory Haematology IMS & SH on 30.1.19.

A seminar was organized on 30th January, 2019 by Laboratory Haematology Division and Department of Medical Gastroenterology collaboratively in IMS & SUM Hospital, Siksha "O" Anusandhan, Deemed to be University, Bhubaneswar. The seminar was focused on Organ transplantation and use of ROTEM (Rotational thromboelastometry) in transfusion management. Nearly 100 doctors from different streams including anaesthesiology, transfusion medicine, critical care, O&G, medicine, paediatrics, CTVS, clinical haematology, pathology attended the seminar. The function was inaugurated by Prof. Gangadhar Sahoo (Dean), Prof. Ashok Kumar Mohapatra (Director Health Program), Prof. Pusparaj Samantasinghar (Medical Superintendent) and Prof. Manoj Sahu (HOD, Medical Gastroenterology), Dr. Rajesh Kumar Bhola. Everybody stressed on the protocol based management of bleeding episodes in hospitals. They also highlighted the challenges of organ transplantation especially in Odisha which is lagging behind other states. Developing transplant centers in Odisha is the need of the hour which requires infrastructure development and team work. Dr Pusparaj highlighted the concrete steps taken by IMS & SUM Hospital in starting organ transplantation in Odisha. Our institution is already doing bone marrow transplant successfully and very soon will start other organ transplant like Liver transplant. Dr. Magnus Jayaraj Mansard Liver transplant and hepatobiliary consultant from Yashoda Hospital, Secunderabad, AP attended the seminar as a guest speaker and shared his experience and views on Liver transplant. He also focused on the challenges ahead. Dr. Gangadhar Sahoo presented the issues in management of PPH (Post partum hemorrhage) following delivery in obstetrics practice and stressed on skill development and proper training. He also expressed concern regarding the morbidity and mortality of PPH. The greatest challenge in clinics, emergency, operation is bleeding and the major question is the adequate blood transfusion. Blood transfusion brings with the transfusion related risk of infection as well as other reactions. An excess or inadequate blood transfusion is not good and even has the risk of death. Hence an adequate management of transfusion can be life saving as well as saves the products. But laboratory modalities to assess the adequacy of transfusion requirements are limited. It's good news that the technology is advancing and a newer instrument named as ROTEM (Rotational thromboelastometry) has come up which is an aid to the clinicians to decide on blood transfusion products for adequate management. Dr. Ajay Gandhi, Clinical Head from Instrumentation Laboratory, Werfen India enlightened the audience with the issues of blood transfusion and highlighted how to use blood transfusion diligently with the use of ROTEM. It was followed by a practical demonstration on ROTEM. SUM Hospitals took this opportunity to bring awareness as well as sensitization among the clinicians about organ transplantation, and protocol based transfusion management for the maximal benefit of patients and to save life. The program was concluded successfully with everybody's appreciation.

- 30th January 2019 was observed as Leprosy Day in the premises of IMS & SUM Hospital. Faculty, Students and residents all took immense interest in the programme to make it highly successful. UG students actively participated in the drawing, painting, short story writing, poem writing competitions. Pamphlets were

distributed amongst the OPD patients. Awareness programmes were done to sensitize the paramedics and the nursing staff. Informative videos were played on a LED screen in the hospital premises. Dr Liza Mohapatra (asst Prof) presented the current trend and status of leprosy in India to the faculty and staff in a CME session organized by the department.

Following MBBS students were the prize winners of the occasion

1. Arpita Dutta, 6th sem (1st in painting)
2. Stutee Badjena, 8th Sem (2nd in painting)
3. Rahul Kanungo, 8th sem (1st in Poetry)
4. Chinmay Kar, 8th Sem (2nd in poetry)
5. Sneha Bhowmick, 6th sem (1st in short story)
6. Stutee Kar, 4th sem (2nd in Short story)

- Dr Jayshankar Das, Joint Director, Dept of Science & Technology, Govt of Gujarat was visited our Molecular Lab, he delivered a talk on "Developing Molecular Research in Odisha" to a focused group on 31st January 2019.
- PhD Research scholars, Mr. Chita Ranjan Sahoo, a SOAU in-house Research fellow has received the 3rd prize (trophy, medal and certificate) in the Basic Science category at Central Zone, Student Research Convention, Kalinga University, New Raipur, Raipur-492 101, Chattisgarh.
- Department of Onco Sciences for conducting / organizing "World Cancer Day" at the SUM Annex Auditorium from 9.00 AM to 1.00 PM on 04.02.2019.
- The AGES workshop will be held on 6th & 7th February 2019. The Modular OT-III was used for the workshop.
- Basic Neonatal Resuscitation training program for staff nurses and Post graduate residents of Pediatrics & Obstetrics approved by IAP (course ID 4339) on 24th February 2019. Around 40 students participated in the training programme.
